Announces the Jim Page Conservation Scholarship for Summer Camp

Grafton County Conservation District awards a \$250 scholarship to a Grafton County student attending a summer camp based in conservation, natural resources or environmental education. In past years, our recipients have attended Barry Conservation Camp and the Philmont Scout Reservation. We would like to encourage your students to apply for this scholarship, especially students from 5th through 8th grades. The application is simple and requires a short paragraph stating the reason for wanting to attend camp. This is a great opportunity for some summer fun!

The application deadline is May 15, 2005. Contact Pam at Grafton County Conservation District for applications.
